Non-GAAP Measures

This presentation includes references to EBITDA, Adjusted EBITDA, Adjusted EBITDA Margin, Segment EBITDA, Adjusted Segment EBITDA and EBIT to net income, the most directly comparable measure calculated in accordance with GAAP, is provided in the Appendix included in this presentation. While management believes such measures are useful for investors, these measures should not be used as a replacement for financial measures that are calculated in accordance with GAAP.

On February 28, 2023, Cactus, through one of its subsidiaries, completed its previously announced merger of the FlexSteel business (the "Merger") through a merger with HighRidge Resources, Inc. and its subsidiaries ("HighRidge"). On February 27, 2023, in order to facilitate the Merger with HighRidge, an internal reorganization was completed in which Cactus Companies, LLC ("Cactus Companies"), a recently formed wholly-owned subsidiary of Cactus Inc., acquired all of the outstanding units representing ownership interests in Cactus Wellhead, LLC, the operating subsidiary of Cactus Inc. (the "CC Reorganization"). FlexSteel Holdings, Inc. was a wholly-owned subsidiary of HighRidge prior to the Merger and was converted into a limited liability company, contributed from HighRidge to Cactus Companies as part of the CC Reorganization and is now named FlexSteel Holdings, LLC ("FlexSteel").

Unless otherwise specifically noted herein or the context otherwise requires, information set forth herein with respect to periods prior to February 28, 2023 does not include the information of HighRidge. Accordingly, unless otherwise specifically noted herein or the context otherwise requires, information with respect to Cactus Inc. and its consolidated subsidiaries (the "Company", "we", "us", "our" and "Cactus") for the periods prior to February 28, 2023 refers only to Cactus and its consolidated subsidiaries prior to the Merger and does not include results and other information associated with HighRidge and the FlexSteel business.

Conventional Wellhead

SafeDrill® Advantages

Safety

- √ Fewer trips into confined space (cellar)
- √ No BOP manipulation after intermediate casing has been installed
- ✓ No "hot work" required ✓ Mandrel hangers, pack to cut casing with torch

Time Savings

- Eliminates time consuming BOP manipulation
- ✓ No waiting on cement after running casing strings

offs run and set through **BOPs**

Technologically Advanced Spoolable Pipe Systems

FlexSteel Spoolable Pipe

Conventional Steel Line Pipe

FlexSteel Advantages

Features

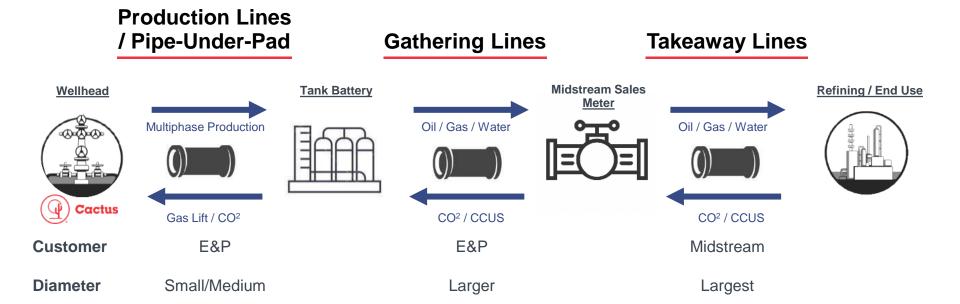

- ✓ Durable and corrosionresistant
- ✓ Faster installation times ✓ Lower cost to install
- ✓ Withstands cyclic loading
- ✓ Lowest bend rating of any spoolable pipe
- ✓ Pre-leak detection
- ✓ Large diameter
- ✓ High pressure & temperature ratings

Operator Savings

- ✓ Lower maintenance cost for operators
- ✓ Reduced operating field failures / reinstallations
- ✓ Reduced need for special handling or bedding tools
- √ Captures permeated gases
- √ Higher flowrates
- ✓ Reliable in extreme conditions

Differentiated Offerings Enable Customers to Meet ESG-Related Goals

Faster

- Equipment takes less time to install versus legacy offerings
- Enables customers to drill, complete and bring wells online faster
- Fewer people and less equipment on location
- Reduced carbon intensity per well

Safer

- Equipment enhances employee safety
- Automation of humanperformed connections
- Routine tasks can be performed remotely
- Longer spooled length minimizes connections and fabrication required on-site

Cleaner

- Switching from diesel to solar powered generation in certain instances
- Spoolable pipe design enables capture and management of permeated gases
- Spoolable pipe design characteristics are well suited for CO² transportation

 Europe, Latin America and Africa in 2022 & 2023
- FlexSteel products have been sold into over 20 countries

A Dynamic Manufacturing Advantage; Responsive, Scalable and Low Cost

Bossier City Facility

- Rapid-response manufacturing
 - 5-axis computer numerically controlled machines
- "Just-in-time" capabilities for fast delivery time & parachute orders
- Expanded in 2018 and 2022

Suzhou Facility

- Less time-sensitive, high-volume wellhead equipment
- Wholly foreign owned enterprise (WFOE)
- Low cost of operation with low sensitivity to utilization
- Additional international sourcing underway

Baytown Facility

- Produces 100% of FlexSteel equipment
- Only manufacturer to hydro-test all pipe before leaving its facility
- Third production line added in 2019
- API and ISO certified

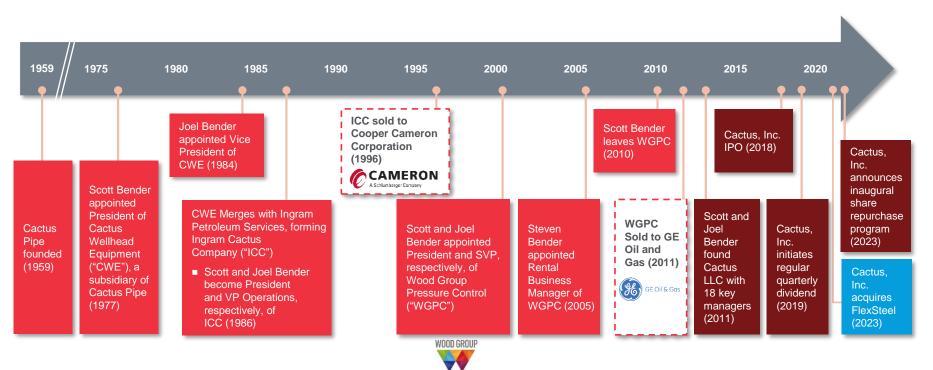

Scalable and Low Fixed Cost Manufacturing Footprint

Non-GAAP Reconciliation

Important Disclosure Regarding Non-GAAP Measures

EBITDA and Adjusted EBITDA are not measures calculated in accordance with GAAP. EBITDA and Adjusted EBITDA are supplemental non-GAAP financial measures that are used by management and external users of our consolidated financial statements, such as industry analysts, investors, lenders and rating agencies. We define EBITDA as net income excluding net interest, income tax and depreciation and amortization. We define Adjusted EBITDA as EBITDA excluding severance expenses, revaluation of tax receivable agreement, (gain) loss on debt extinguishment, stock-based compensation, and transaction (acquisition or equity offering) related expenses. We define Adjusted EBITDA Margin as Adjusted EBITDA as a percentage of Revenue.

Our management believes EBITDA, Adjusted EBITDA and Adjusted EBITDA margin are useful, because they allow management to more effectively evaluate our operating performance and compare the results of our operations from period to period without regard to financing methods or capital structure, or other items that impact comparability of financial results from period to period. EBITDA and Adjusted EBITDA should not be considered as alternatives to, or more meaningful than, net income or any other measure as determined in accordance with GAAP. Our computations of EBITDA and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. We present EBITDA, Adjusted EBITDA and Adjusted EBITDA margin because we believe they provide useful information regarding the factors and trends affecting our business.

Non-GAAP Reconciliation

Important Disclosure Regarding Non-GAAP Measures

Segment EBITDA, Adjusted Segment EBITDA and Adjusted Segment EBITDA margin are not measures of net income as determined by GAAP but are supplemental non-GAAP financial measures that are used by management and external users of our consolidated financial statements, such as industry analysts, investors, lenders and rating agencies. We define Segment EBITDA as operating income including other non-operating income and excluding depreciation and amortization. We define Adjusted Segment EBITDA as Segment EBITDA excluding the other items outlined below.

Our management believes Segment EBITDA and Adjusted Segment EBITDA are useful because they allow management to more effectively evaluate our operating performance and compare the results of our operations from period to period without regard to financing methods or capital structure, or other items that impact comparability of financial results from period to period. Segment EBITDA and Adjusted Segment EBITDA should not be considered as alternatives to, or more meaningful than, net income or any other measure as determined in accordance with GAAP. Our computations of Segment EBITDA and Adjusted Segment EBITDA may not be comparable to other similarly titled measures of other companies. We define Adjusted Segment EBITDA margin as Adjusted Segment EBITDA divided by total revenue. We present this supplemental information because it believes it provides useful information regarding the factors and trends affecting our business.
